

CROYDON, SUTTON AND MERTON CREDIT UNION PLEDGE SHEET

A Savings & Loans Co-operative For anyone living or working In Croydon, Merton or Sutton

A working group has been formed to seek ways of providing a credit union for anyone living or working in Croydon, Merton or Sutton, based on the current Croydon Savers Credit Union, founded in 1999. The credit union is a not for profit financial co-operative committed to encouraging people to save rather than borrow, but also provides low cost loans in times of need. The credit union provides a real alternative to loan sharks and a secure place to put savings as a real ethical investment.

To extend services from Croydon to include Merton and Sutton we need to convince the regulator, the Financial Services Authority (FSA), that there is a demand for the service. To show support for the creation of the new credit union we are seeking as many people as possible to complete this contact sheet to confirm your willingness to consider joining the new credit union for South West London

If you support the creation of a new credit union for South West London and would consider becoming a member, please add your contact details below to show your support. This information will not be shared with anyone other than the FSA, and if we gain approval to extend the services we will write to you to advise you of this.
